CONVENTION CALLED.

Strikers to Meet Friday to Consider Offer of Operators.

MITCHELL PERFORMS PLAIN DUTY.

It Is For the Men Themselves to Say Whether They Are Willing to Return to Work at Terms Proposed—Strike News.

Hazleton, Pa., Oct. 8.—President Mitchell at 10:05 a. m. issued a call for a convention of mine workers of the three districts comprising the anthracite field to meet in Scranton Friday. The text of the call is as follows:

To all miners and mine employees of the anthracite region: Brothers—In view of the fact that the mine operators have posted notices offering an advance in wages formerly paid and believing in our plain duty to consult your wishes as to our future action, we deem it advisable to ask you to select delegates to represent you in convention. You are therefore notified that a convention will be held at Scranton, Pa., beginning Friday, Oct. 12, at 10 a. m. The basis of representation will be one for each 100 persons on strike, or if desired one delegate may represent as many as 500 mine workers; but no delegate will be allowed to cast more than five votes. Each delegate should have credentials signed by the chairman and secretary of the meeting at which he is elected, and wherever possible credentials should bear the seal of the local union.

President Mitchell refused to say anything as to what the convention would probably decide to do in the matter of the 10 per cent net increase. Neither would he anticipate what business other than that relating to the advance in wages would be brought before the delegates. It is not unlikely that the abolishment of the sliding scale will come in for some consideration. None of the labor leaders here will publicly say whether the increase will be accepted or rejected, but there is a strong belief that the men in convention will vote to go back to work.

Notices of 10 per cent advance in wages and a reduction in the price of powder were posted by M. S. Kemmerer & Co., operating the Sandy Run colliery and Cox Brothers & Co., operating six collieries.

G. B. Markle & Co., Calvin Pardee & Co., Dodson & Co. and the Silverbrook Coal company are the only companies hereabouts that have not yet offered their men an increase. These four concerns employ 4,000 men.

Fears Unfounded.

Hazleton, Pa., Oct. 8.—In anticipation of marching by the strikers each of the dozen or more collieries in this district still in operation in a more or less crippled condition was virtually an armed camp during the night, but the expected did not happen and the peace of the community remains undisturbed. It was the uneasiest morning that Hazleton has experienced since the strike began. In addition to the concentration of sheriff deputies in this city every colliery in the region had extra forces of coal and iron police fully armed. There was no marching of large bodies of men, but crowds of strikers gathered as is their custom every week-day morning in the vicinity of the various collieries that remain in operation. The greatest crowd, which numbered probably 300 men, assembled in the neighborhood of Cranberry colliery of A. Prdee & Co. on the outskirts of this city. Quite a number of workmen on their way to this mine were turned back, some through fear and others through persuasion. The company officials said the colliery is working as usual. Another crowd gathered in the vicinity of No. 3 slope and No. 40 shaft of the Lehigh Valley Coal company in Hazleton, but no disturbance occurred.

No Change in Lykens Valley.

Harrisburg, Pa., Oct. 8.—There is no change in the strike situation in the Lykens valley. The 1,200 mine employees at Lykens and Wisconsin are still out and their leaders say they will not go back until the strike is declared off. The Williamstown colliery is working full time with nearly 1,200 men and boys on the rolls. The organizers of the Mine Workers' union have abandoned hope of organizing a union at Williamstown and have left town. The employees of this colliery have been working steadily for many years and they have refused to have anything to do with the union or the strike. Both collieries are controlled by the Pennsylvania railroad company.

Funeral of Riot Victim.

Shenandoah, Pa., Oct. 8.—Edward J. Coyle, who died Friday from the effects of a bullet wound received dur-

ing the riot Sept. 21, was buried Monday. The funeral was attended by all the local Mine Workers unions and the fire companies. Mr. Coyle was not a participant in the riot. He was struck by a stray bullet.

Withdrawing the Soldiers.

Shenandoah, Pa., Oct. 8.—General Gobin in command of the troops here says he informed Sheriff Toole of Schuylkill county of his intention to withdraw the remainder of his troops by Tuesday if weather is favorable.

FIGHTING FOR LIFE.

Youtsey's Attorney's Intend to Pose a Series of Technical Motions.

Georgetown, Ky., Oct. 8.—The 15 men from Bourbon county summoned under a special venire were in the court room when the Youtsey trial was called Monday. The first man called was accepted by both sides and the jury was complete. The jury was sworn and V. F. Bradley made the statement to the jury for the commonwealth.

Colonel Crawford for the defense moved to discharge the jury on the ground that the jury is not composed of bystanders, but summoned from remote parts of the county; that the jurymen are all Democrats and as the crime charged involves politics to a large extent the defendant cannot expect a fair and impartial trial from such a jury. Youtsey filed two affidavits in support of the motion. The motion was overruled, the court holding that the political complexion of the jury had nothing to do with the case, Youtsey being on trial for murder, not for a political offense.

Mr. Crawford filed another motion to require the commonwealth to elect whether it would try Youtsey for actually firing the shot or for aiding and abetting the man who did fire the shot. Court said that was a matter of which he had no control and the attorneys could confer concerning it. Mr. Franklin said the commonwealth simply wished to try Youtsey under the indictment and let the jury say whether he fired the shot.

The jury was brought in and Mr. Crawford filed a demurrer to the indictment on the ground that it named no one as firing the shot and that it did not sufficiently describe the offense charged against Youtsey. Court took the demurrer under advisement during the noon recess.

Judge Cantrill overruled the demurrer to the indictment to which defendant excepted. The list of the commonwealth's witnesses being called, showed 37 present and 54 absent; witnesses for defense seven present and 53 absent.

RACE FOR BLOOD.

Test of Speed Between American and British Crack-U-Jacks.

London, Oct. 8.—The keen rivalry between English and American sportsmen has resulted in the arrangement of a match which will be looked upon as the most interesting event connected with the turf this year. It will be a race between a crack English horse and an American horse.

The English horse will be L. Newman's famous Eager, with Mornington up. The American horse will be John A. Drake's Royal Flush with young Lester Reiff as the rider.

The Hurts Turf club, over whose course the race will be run, has offered a gold cup worth \$2,500. The owners have each agreed to put up an additional \$2,500 to go to the winner.

Oct. 27 has been fixed for the race and the distance is to be six furlongs flat.

Son Met Father's Fate.

Gallipolis, O., Oct. 8.—Lawson Earwood, 20, was found dead with skull crushed near Yellowtown, this county. He was last seen with Nice Warrington, Billy Hazlett and Ed Burnett driving toward home. Burnett, who tells a queer story about the horse running away, has been arrested on suspicion. Two years ago Edward Earwood, of whom Lawson was the only son, was found dead with his skull crushed, and his murderer was never apprehended.

Picnic Party's Mishap.

Pittsburg, Oct. 8.—Seventeen picnickers returning to their homes in a wagon were all more or less seriously injured by a collision with a suburban rapid transit trolley car. One of the occupants of the wagon, a small child named John Schmidt, was internally injured and will die. The others will recover. The accident was caused by the failure of the motorman to control his car on the slippery rail.

Bank Swindler Suicides.

New York, Oct. 8.—John D. Barton, who under several aliases, including that of Harry Odell, had swindled banks and business men in many cities of the country by means of forged checks, committed suicide by taking poison in the Suffolk county jail at Riverhead, L. I.

CONSPIRACY CHARGED.

Mystery Surrounds Death of Heavily Insured Young Woman.

LEFT ALL TO AFFIANCED HUSBAND.

Believed the Girl Expected to Fetus Death and That a Corpse Would Be Substituted—Her Death Was Real—May Be Murder.

Chicago, Oct. 8.—With insurance upon her life amounting to \$12,000, Marie Defenbach, aged 23, died Aug. 25 in a boarding house on Lasalle avenue under conditions which the police believe indicate a plot to swindle an insurance company and two insurance fraternities, if they do not point to murder.

When Miss Defenbach died there were three policies on her life aggregating \$12,000, all of recent date as follows: New York Life Insurance company, \$5,000; Canadian Order of Foresters, \$5,000; Knights and Ladies of Honor, \$2,000.

It is believed that a conspiracy was concocted and that Miss Defenbach was originally one of the quartette of alleged conspirators; that she expected her death was to be feigned and another body was to play the passive role of her corpse; instead of that, real death came to her.

Last April, Miss Defenbach applied to the New York Life Insurance company for a \$10,000 policy. This was refused as was also an application for an \$8,000 policy on the ground that she was not possessor of sufficient property to warrant so large a risk, although she was examined and declared to be in perfect health. In July she succeeded in obtaining a \$5,000 policy.

In August, Miss Defenbach secured \$5,000 insurance in the Canadian Order of Foresters. About the same time she took out a \$2,000 policy in the Knights and Ladies of Honor.

Two weeks later she was dead, leaving a will which directed that a part of the policies should be paid to Frank H. Smiley her "affianced husband" and that her body be cremated. Her death, at a boarding house in Lasalle avenue was attended by the most horrible agony. Drs. Leonard and Schroeder, the latter representing the Knights and Ladies of Honor, were called. They refused to issue a certificate of death, but the coroner's jury later, and after the body had been embalmed, found a verdict of death from dysentery. The next day the body was cremated and the ashes were scattered to the winds. Without much delay proceedings were begun to secure possession of the policies Miss Defenbach had left. Owing to the unusual circumstances surrounding her death the hurried embalming of the body followed next day by cremation, payments of the policies were refused and immediate steps were taken to trace the woman's career during the last few months of her life.

An unusual incident is connected with the making of Miss Defenbach's will. Aug. 21, Miss Defenbach called at the office of a lawyer named Johnson in the Unity building and told him she wanted to make her will. Some days earlier, it is stated, Dr. Unger told this lawyer a woman would call on him for this purpose and she announced she had come in accordance with the appointment. She told Mr. Johnson she wanted to leave her property to Frank H. Smiley, her affianced husband, and then she went away. Two days afterwards she returned and Mr. Johnson had the will ready. It provided, as she had instructed, that after her debts were paid her property was to go to Smiley, but she then wanted another provision inserted. It was that after death her body should be cremated. This somewhat surprised Mr. Johnson, as he could not understand how a young and handsome girl would wish her body burned after death, but he complied with her request. He was so struck with the circumstances, however, as the cremation clause had not been in the original instructions, that he called witnesses to the will from adjoining offices as a matter of protection. Miss Defenbach signed and executed the document. Two days later she died.

Ready For the Reunions.

Chattanooga, Tenn., Oct. 8.—This city is liberally decorated with the national colors in anticipation of the annual reunions of the Army of the Cumberland, the American-Spanish war veterans which begin Tuesday. Many ex-soldiers are also expected on account of the inspection of monuments in Chickamauga park, which will be systematically conducted under the direction of the park commissioners.

Fighting Fishermen.

Vigo, Spain, Oct. 8.—Fresh disorders have occurred as a result of the indus-

trial rivalry between the fishermen of this neighborhood and those of Cangos, province of Pontevedra, who fired on the Spanish gunboat Vasco Nunez de Balboa. Late disturbances resulted in numbers of men being wounded and a fishing boat being burned at Cangos. The Vasco Nunez de Balboa has seized seven fishing boats.

ABSOLUTELY UNTRUE.

Mitchell Again Denies Strike Was Begun For Political Purposes.

Pottsville, Pa., Oct. 8.—Interest in the great anthracite strike throughout the lower coal belt revolved entirely around the proposed convention of miners called by President Mitchell.

Missionary work has been begun in Panther Creek valley in earnest and John Fahey, president of this district declared: "There is not the slightest doubt about the men of Panther Creek valley going out. Of that I am certain." When these miners strike fully 140,000 men will have laid down their mining tools and the tie up will be practically complete.

There are still reports that the strike was started for political purposes and President Mitchell, discussing these reports, said: "The coal companies have shot shafts at me alleging that the strike was in the interest of political parties and the bituminous regions. I hope that no one will believe such charges. You will go on digging coal, it doesn't matter what political party controls the government. The charge is absolutely untrue."

Statement by Wilson.

Indianapolis, Oct. 8.—W. J. Wilson, secretary-treasurer of the United Mine Workers of America, issued a statement in which he says in part: "All of the coal operators having now conceded an advance in wages, it can be truthfully said that the miners of the anthracite region have achieved a great victory. Yet, the dispute is not settled, nor will it be even though the miners accept the proposition of the operators and return to work. The sliding scale, dockage, semi-monthly payments and other grievances complained of the miners have not been considered in the proposition of the operators and the advance in wages is so complicated with the reduction in the price of powder, that many of the miners do not understand it. Under these circumstances the surest and best method of securing a settlement and establishing permanent peace, would come from a meeting of the operators with the anthracite miners when they meet to consider the offer of the coal companies."

Better Feeling at Wilkesbarre.

Wilkesbarre, Pa., Oct. 8.—The operators issued a statement saying affairs are in better shape in the Lehigh region. Collieries are working that were idle the better part of last week. President Mitchell's call for a convention is looked upon here as the beginning of the end of the strike. There is a better feeling and the strikers are jubilant over the prospect of an amicable settlement of the difficulty. The Delaware and Hudson company posted notices of 10 per cent increase. The Susquehanna Coal company which operates the mines at Nanticoke is still holding out.

Think They See the Finish.

Scranton, Pa., Oct. 8.—The fourth week of the strike in the Lackawanna region began with a general feeling that this week will end the conflict. Preparations are being made for the demonstration here Wednesday and the convention Friday.

BOURKE COCHRAN ON JEFFERSON AND MCKINLEY.

"Jefferson took territory to avoid war; McKinley is making war to take territory. Jefferson took contiguous territory to do justice and avoid the provocations of war in the future; McKinley is taking useless and remote territory, which, if he succeeds in subduing, will cause future contests without number. Jefferson took territory to incorporate into a union of states and extend over it the beneficent influence of our Constitution and the glory of our flag; McKinley is seizing territory, not to expand our Constitutional government over it, but to turn it over to officeholders, to be exploited and plundered by syndicates and favorites."

The negro vote is whooped up for the Republicans on the plea that theirs is the party of freedom, but they will have all kinds of difficulty in arousing the negro to a high pitch of enthusiasm on that plea this fall, in view of the fact that McKinley recognized the institution of slavery in a treaty with the Sultan of Sulu, and guarantees that slavery will be protected on that island, over which our flag floats. If the Republican party has so far retrograded from the ideals of Lincoln as to recognize and protect slavery in Sulu how long will it be until it will forge the chains of slavery upon the black man in this country?

SINCE Teddy Roosevelt is to appear in Maysville as the Republican's star attraction, we have no desire to show him any disrespect and we refrain, from the present, from analysing his logic and showing its sophistry. But in a most friendly and confidential manner we would advise those who are attracted to the vicinity of this hippodrome to have due care of their personal safety, and by all means stand with your faces towards Teddy until his car shall have disappeared around Sullivan's point, for in the event you turn your back towards him he might "shoot you dead" as he did that retreating Spaniard.

THE REPUBLICAN PARTY,

Not He, Has Flopped, Says Royse, a Prominent Indianan—Opposes McKinley's Criminal Aggression.

ELKHART, IND., October 6.—Republicans of this section are chagrined at the desertion of Cyrus D. Royse, who was one of their leading candidates for nomination in the Congressional convention two years ago.

"They say that you have flopped," suggested a correspondent to Mr. Royse today.

"No, I have not flopped," replied Mr. Royse. "It is the Republican party that has flopped. I stand right where I did, against criminal aggression, when I applauded McKinley for taking that stand. But when he reversed his policy, at the suggestion direct from Lord Salisbury, I am told, I could not follow him, and am a man without a party. When, during the Spanish war, we were raising flags at various parts of the country, I warned the people whom I addressed against the spirit of conquest and subjugation that was so apt to follow success at arms. I approved the war to drive Spain from the Western Hemisphere, but I declared then, and I stand by what I said, that this country should not forget the teachings of the founders of our republic nor the principles of human liberty that prompted their action. I certainly can not support the Republican party under present conditions."

Mr. Royse is one of the city's wealthiest citizens. He is the chief owner of the Elkhart Gas, Light and Coke Company, and has large landed interests. He was for many years a prominent figure in the legal department of the Lake Shore and Michigan Southern Railway Company's management.

OUR YOUNG MEN.

The Many Evils That Surround Them in This City.

Strong Sermon Delivered on the Subject by Howard T. Cree Sunday Night.

Howard T. Cree, the eloquent minister of the Christian Church, delivered at his Sunday evening service the first of a series of special sermons. "Are the Young Men of Maysville Safe," was his subject, and his text was King David's inquiry as to his son's fate,—"Is the young man Absalom safe?" Notwithstanding the inclement weather, there was a good attendance.

The anxious cry of every one interested in the welfare of mankind, said the speaker, is but reechoing the lament of the King of Israel as he waited the issue of the battle against his son. It is an anxiety born of an appreciation of their importance. Not alone to the mothers and fathers of the young men does the question come, "Is it well with the young man?" But to all interested in the future of our beloved city. Tomorrow into the hands of the young men of to-day will be placed the most sacred interests of human life. As for the young men, so will go the affairs of government, commerce and social life. Patriotism to State, loyalty to causes we have inaugurated and duty to posterity call upon us to bear richest heritage possible in the character of our young manhood. We are conscious of their danger. Many are the battles waged with life's evil forces and not always is the young man crowned with victory. No student of forces here but can be solicitous of the young manhood of Maysville.

Also are we conscious of our own neglect of duty, if not in the actual commission of crime, at least in the permission of it. Too little have we understood the power of environment in deciding human character, human conditions, and human destiny.

As an evidence of the danger to young manhood we have but to realize their dearth in religious circles. There are not twelve men between the ages of fifteen and twenty-five who may be considered as active in the churches. Our city is known as a place where the "lodges are for men and the churches for the women." This means lives without the knowledge of God and the truth of Christ, which must eventually result in the rule of lawlessness and wickedness supreme.

The existence of so many institutions of the devil proves the greatness of the demand, and the fact that some one must support them. One hundred and forty men, (church members included) passed in the front doors of three saloons on Saturday evening between the hours of seven and eight. In three churches on Sunday, with special services in two of them, the number of men was not equalled. As there are twenty-four saloons here and many houses in which they never trade, we can tell where our young men stay.

In addition, the gambling dens continually in operation and the many "houses of the strange women," which likewise have an encouraging support. Every "house of hell" can seemingly flourish here while all the churches can scarcely eke out an existence. He who reads aught of the signs of the times must tremble for our future.

The cigarette smoking and the drinking engaged in by the children (youths not yet out of their teens) is positively appalling.

The frequent outbreaks of flames of social impurity but tell of the smoldering mass of fire beneath our feet. The desecration of the Lord's Day by hundreds who make of it a holiday rather than Holy day by patronage of vicious excursions may serve as an alarming index.

To what extent are men and women of Maysville responsible for these conditions? Some one is to blame for the dangerous conditions which surround our young men. Ninety per cent. of men convicted of crime were made criminals through their environment. The social life of the city almost forbids the development of a pure and lofty character. On every hand is lawlessness, civil and moral. It is next to impossible to get a conviction against certain wilful and continual breakers of the law. This can but beget lawlessness in the younger generations. The law against Sunday closing and gambling seemingly cannot be executed under the present administration. To this extent is citizenship culpable.

Moreover the lack of congeniality in the homes drives the young men to enjoyment elsewhere. The needs and taste are not sufficiently consulted and no provision is made for their pleasure. Here, too frequently are found the beginnings of evil. On the principle of he "who sows the wind must reap the whirlwind," if you sow the social card table

in the home, you may reap the poker game in the gambling-hell. With great zeal introduce your children in the "social swim" only to see them in a few years in the terrible cess-pool of social iniquity.

The example of older men and women is a constant menace. Daily may one see an older man "leading into temptation," one of younger years. Even professing Christians who patronize the institutions of Satan and lure many to destruction—Christians of whom Dr. Garrett told the other morning, people whom Christ has placed as "lights in the world," but whose light has gone out. In Portsmouth, Va., one dark night a man ran against such a lamp post and injured himself seriously, just because the light was out. How many poor souls in the darkness of sin will stumble over professing Christians into a horrible death because we are only lamp posts, shedding no light!

LADIES' and MISSSES' TRIMMED HATS

Our stock of French Pattern Hats is now complete. We are showing a greater variety of styles this season than ever before. Our success in this department convinces us that ready-to-wear millinery has come to stay. The hats we show are patterned after the very latest styles shown in the larger cities of the East, and it stands to reason that, being purchased in such large quantities as we buy them, they can be sold very much cheaper than you will find them elsewhere. You may have some prejudice against buying a ready-to-wear Trimmed Hat. Examine ours and we believe you'll change your sentiments. Prices \$1.75 to \$5.98.

REAL EXCELLENCE IN DRESS GOODS.

Critical and reliable judges have pronounced our Fall Dress Goods stock the best ever shown in this community. The semi-annual visits of our buyer to the Eastern markets make the above assertion appear merely as a reasonable expectation. The very latest fabric creations are displayed here. In blacks you'll find the new Satin Cloths, Soliels, Lizard Cloths, Clay Worsteds, Cheviots, Venetians, in prices from 69c. to \$2.25. And then, too, those Camel's Hair Golf Cloths, Plaids, Knickerbockers, Zibelines, &c., from 29c. to \$1.98. It's a stock worthy of your inspection. You need not buy.

NEW MERCERIZED UNDERSKIRTS.

We haven't the space to say much about them. Briefly, they're the best we have ever shown. Nearly all come with large accordion plaits. Prices from 89c. to \$4.98. Blacks and all colors.

DEATH'S HARVEST.

Mr. Mike O'Donnell Died at Paris—Mr. John T. Geis Expires at His Home, This City.

Mr. John Thomas Geis died this morning at his home on the Lexington pike, south of Third street, after an illness of three years, of enlargement of the spleen, age forty-one years and eight months.

His wife, a daughter and son survive him, who have the sympathy of their many friends in this their hour of bereavement.

Funeral takes place at 2 p. m., Wednesday, from the M. E. Church, Third street, services conducted by Rev. F. W. Harrop.

Mike O'Donnell, aged twenty-two years, died Sunday morning at the Hotel Fordham, Paris, Ky., of consumption. He had been ill about four years.

Mr. O'Donnell was a very popular young gentleman, having many friends in this city where he was formerly employed as clerk in the St. Charles and Central Hotel. He was a cousin of County Attorney F. P. O'Donnell. His parents are both dead. His remains arrived last night and he will be buried from the home of his sister, Mrs. Jos. Deiner, Wednesday morning. Burial at Washington.

The directors of the Board of Trade are requested to meet to-morrow night at 7 o'clock in the board's room, Masonic Temple.

Dodging a Mob.

Ed. Moran, a young man about twenty-five years of age, who resides about two miles from Bethel, Bath County, was brought to Maysville on the L. and train last night and lodged in jail here to avoid a mob bent on doing him violence for shooting and killing an old man named Bob Scott, yesterday, about a mile out of Carlisle. Scott resided just this side of the Carlisle tunnel.

There are conflicting reports as to how it occurred. One report is that Moran was shooting at Scott's dog, when Scott ordered him to cease, whereupon Moran said, "I'll try you," and shot him. Another story is to the effect that Moran and Scott were riding along together on horseback when Moran yelled for Bryan, whereat Scott yelled for McKinley and struck Moran over the head with his cane and then was shot by Moran.

The BULLETIN correspondent visited Moran in his cell and asked him about the affair. Moran turned his red and tear-stained eyes upon the correspondent and replied, "I was drunk when it occurred, and I knew nothing about it until I had arrived within a mile of Maysville." He seemed to regret it sorely, and he remarked frequently, "I'm in a bad fix."

TESTS PATIENCE.

The Most Patient Maysville Citizen Must
Show Annoyance at Times.

Nothing spoils a good disposition,
Nothing takes a man's patience,
Like any itchiness of the skin.
Itching piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so but you know it makes
it worse.

Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.

Plenty of proof that Doan's Ointment
will cure piles, eczema or any itchiness
of the skin.

Read the testimony of a Maysville citi-
zen.

Mrs. H. Poth, of Forest avenue, says:
"Doan's Ointment is a wonderful prepa-
ration, and cures as if by magic. For a
long time I had an itching of the scalp
which was particularly troublesome just
before a rain. Learning that Doan's
Ointment was highly recommended for
all troubles of this nature I got a box at
J. Jas. Wood & Son's drugstore, corner
West Second and Market streets. Its
use soon ended the irritation. Two

had no return whatever of the affliction."

FOR MOTHERS.

The period immediately following child-birth is fraught with
many dangers. The strength has been used in the painful ordeal
through which the mother has passed and she finds herself helpless
and weakened. Many mothers, like Mrs. Ford, date the beginning
of their illness from the birth of their child. Indeed the frequent
spectacle of a healthy young woman becoming a chronic invalid
after motherhood is one of the tragedies of life. All this is unneces-
sary, when Wine of Cardui is obtainable. It rehabilitates the
shattered nervous system, strengthens the organs and ligaments, and
re-establishes a healthy, natural condition,
saving years of chronic sickness and suffering.
Wine of Cardui taken just before confinement
will render the ordeal comparatively painless.
It will re-enforce and strengthen the organs
for their work. For every trying crisis in a
woman's life, Wine of Cardui is the medicine
to take. Ask your druggist for Wine of
Cardui and take no substitute. If one is
offered send \$1.00 for a bottle to the Chat-
ta-nooga Medicine Company, Chattanooga,
Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites
and falling of the womb, and was in a very dan-
gerous condition. I read one of your home
treatment books, and commenced to treat myself
with Wine of Cardui and Black-Dracit.
I am thankful for what the medicine
did for me, and I am now in better
health than I have been for a long time.
Mrs. MARGARET FORD.
